

Job Description	Monitoring and Evaluation Associate
Post Title	Monitoring and Evaluation Associate
Type of Contract	Local Individual Consultant
Duration	12 months (initial), renewable
Duty Station	Brasília - DF

Organizational context

The new UNFPA country programme for Brazil was approved by the Executive Board for a five-year period of 2017-2021 and covers 4 strategic areas: Sexual and Reproductive Health; Adolescents & Youth; Population Dynamics which includes South-South Cooperation in support of the ICPD agenda. The CPD is based on a total resource plan of USD 37.5m of which USD 4,5m regular resources and USD 33m to be mobilized.

At the same time, the UN in Brazil signed a new Development Assistance Framework (UNDAF) covering the same 5-year period as the UNFPA CPD (2017-2021). UNFPA Brazil was nominated to coordinate the 1 of the 5 strategic areas, the People pillar. In addition, UNFPA is chairing the Government/Interagency working group on Youth and the Government/Interagency working group of HIV/AIDS. Furthermore, UNFPA is co-chairing the Brazilian Chapter of the Global Health Partnership - H6.

Since 2015 Brazil is undergoing a period of political and economic instability, which has significantly impacted UNFPA's ability to mobilize resources from the Government to implement the Country Programme. In this context of declining core resources, UNFPA is obliged to move more decidedly than ever into the global multilateral arena of non-core resource mobilization. Beyond the corporate shift, this requires UNFPA at country office level to embrace a mode of engagement and a way of doing business internally, which departs from the traditional UNFPA operation. As such, various new internal processes as well as profiles need to be adapted, at programmatic, operational and communications levels. New frameworks as well as a new business culture need to be adopted. This poses several internal challenges the CO team must overcome in conjunction with the external political, social and economic circumstances in Brazil.

An increasingly important part of UNFPA's programme is implemented from locations other than the capital, Brasilia. Such is the case of UNFPA engagement in response to the influx of Venezuelans in Roraima, being managed from Boa Vista (RR). As of 2015, Brazilian authorities registered a growing number of Venezuelans seeking health services and asylum in Brazil. By July 2018, an estimated 25,000 Venezuelans were living in Roraima, 40% of which were women. On 15th February 2018 the Federal Government declared state of social emergency in Roraima and announced efforts to relocate migrants in other states, starting with the resettlement of 1,000 people in the cities of São Paulo, Manaus and Cuiabá on a voluntary basis. UNFPA started its operations in Roraima in 2017, focusing on the prevention and the response of Gender-Based Violence and Sexual and Reproductive Health in the emergency context.

To provide Monitoring and Evaluation Associate actions within the framework of project ICSP / 2018 / 398-761 in support of UNFPA actions in the context of Emergency related to the Venezuelan migratory flow to Brazil in Roraima.

Summary of main functions

To analyze, systematize and report the interventions and products developed by UNFPA Offices in Roraima and Brasília involved in actions to support the Brazilian response in the context of emergency related to the Venezuelan migratory flow to Brazil. Major duties and responsibilities are as follows:

Duties and Responsibilities:

- Analyze the materials and data on the action in the context of a Venezuelan migratory program for Brazil;
- Conduct interviews and meetings with the UNFPA team involved in the response to the emergency situation related to the Venezuelan migratory flow to Brazil;
- Conduct interviews with key actors involved, such as agencies of the UN system, federal, state and municipal government, local network actors that work in the prevention and protection of women's rights, especially those that make up the coordinated gender working group by UNFPA;
- Make contact by telephone or email with the persons responsible for sending the data to complement the information
- Prepare a report systematizing the experiences, challenges, good practices and lessons learned from the work of the United Nations Population Fund.

Work relations

Internal contacts include the Operations Manager, the country office programme team and the Senior Management Team.
